### **EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

1. The application has been amended as follows:

In claim 30, on line 14, delete "said number" and insert --the number--

In claim 30, on line 15, delete "being equal to one-half said number" and insert --is equal to one-half the number--

### **REASONS FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance:

In view of the applicant's amendments and after further consideration of the invention, the claims as presented avoid the prior art of record. The prior art does not disclose an exercise apparatus having a crank, a planetary gear connected to said crank, a ring gear sized and positioned to engage said planetary gear and a foot pedal connected to the planetary gear such that the foot pedal follows a substantially elliptical path when the crank and planetary gear are rotated within the ring gear wherein the effective working diameter of the planetary gear is equal to one-half the effective working diameter of the ring gear, the effective working diameter of the planetary gear is also equal to about twice the crank arm length, and the number of teeth formed on the planetary gear is equal to one-half the number of teeth formed on the ring gear.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
